

Dear Sir/Madam

In the framework of Erasmus Lifelong Learning Programme, our company will accept a intern who can join our dynamic and young team during the 2010 summer.

Zenn IT which was founded in 2006 to produce and develop innovative and high quality projects and whose purpose is to find the best solution for its customers with dynamic team who use the current technology of the market. Today our company is, one of the major and developing company in the kiosk software market.

Here is the some references;

We are developing the kiosk banking solutions and queue management systems for AKBANK, which , one of the major banks in Turkey. Zenn IT, also has been completed succesfully the “ Ankara Metropolitan Municipality Kiosk e-Magazine Software”.

We need skilled, easygoing and responsible intern to support us on the field of kiosk software. We can help about the place to stay and also our company will support the interns 100 euro per month (food, etc.).

Please feel free to contact me any question by e-mail or phone (including mobile phone)

Best regards,

Sezgi ŞAHİN
